

The Science of the Soul: On Consciousness and the Structure of Reality

By Geoffrey D. Falk

Blue Dolphin Publishing, Inc. Paperback. Book Condition: New. Paperback. 340 pages. Dimensions: 8.8in. x 5.9in. x 1.0in. Numerous books have been published over the past few decades on the subject of the apparent similarities between Eastern philosophy and the ideas of the New Physics. However, without exception, these writings have failed to address the real meaning of As above, so below: that the macrocosm of the universe is mirrored in the microcosm of the human body, and that the archetypal patterns of structure on the causal and astral levels of reality have their lower reflections on the physical level of being. In The Science of the Soul, Geoffrey D. Falk corrects this significant oversight. Drawing equally from yogic, Buddhist, Christian and Taoist sources, Falk shows that it is only by considering the detailed structure of the cosmos and the microcosmos that we can understand both the unified message which the scriptures have tried to convey, and their precise relation to the physicists understanding of the physical level of reality - in particular, the ideas of David Bohm and Itzhak Bentov. I endorse whole-heartedly the road you have traveled. Light is a - perhaps the - powerful entry point to Spirit, and...
