Brand New Book ***** Print on Demand *****.Gone are the days when we met that special someone at a party or an event or even in the grocery aisles. Life has become so hectic and technical that people are building relationships completely online and touting their love for each other without even meeting. I have lived a very interesting, fun, funny and even sometimes scary life when it comes to relationships. Some will stick with me forever and others, well let s just say they have been cast out to sea. I hope you enjoy reading about some of my more memorable encounters.
