

Cell Movement and Cell Behaviour (Paperback)

Filesize: 3.38 MB

Reviews

These sorts of ebook is the greatest ebook readily available. Sure, it can be engage in, nonetheless an interesting and amazing literature. I realized this pdf from my dad and i encouraged this pdf to learn.
(Nicolette Hodkiewicz)

CELL MOVEMENT AND CELL BEHAVIOUR (PAPERBACK)

[DOWNLOAD](#)

Kluwer Academic Publishers Group, Netherlands, 1986. Paperback. Book Condition: New. 234 x 157 mm. Language: English . Brand New Book. Some years ago a book reviewer, perhaps with Freudian honesty, remarked that the book in question filled a much needed gap in the literature . That phrase has haunted the writing of this gap-filler and this preface may be considered an apologia. For a number of years I have found myself teaching various groups of students about cell locomotion and cell behaviour: sometimes science students specializing in cell or molecular biology, sometimes immunologists or pathologists who only wanted a broad background introduction. Those students who were enthusiastic, or who wished to appear so, asked for a general background text (to explain my lectures perhaps), and that is what I hope this book will provide. With luck, other scientists who have only a peripheral interest in cell movement will also find this a useful overview. The more proximate origin of the book was a special option subject which I taught for two years to our Senior Honours Cell Biology students in Glasgow. Softcover reprint of the original 1st ed. 1986.
