Not illustrated. 1906 Excerpt: .of presenting consecutive periods of history in consecutive grades of school rather than the ring system of studying the entire field in each grade, with every widening horizons. E. E. S. A History or Education In The United States. By Edwin Grant Dexter, Professor of Education in the University of Illinois. 1904. Pp. 656. \$2. New York: The Macmillan Co. A scholarly work based upon a painstaking study of the original sources of educational history from the early colonial period to the present time. The treatment includes the development of educational practice in the different sections of the country, the gradual organization of these parts into the unity of a national system, the various phases of educational endeavor including educational extension through libraries, the press, summer schools, learned societies, correspondence teaching, etc. While the volume is designed primarily for use in pedagogical classes, it will prove a...
