Reviews

This ebook is definitely not straightforward to start on looking at but really enjoyable to learn. It usually will not charge excessive. It is extremely difficult to leave it before concluding, once you begin to read the book.

Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1879 Excerpt: . . . to struggling and kicking, instead of putting him to sleep. Then he gave more and more, until at last the patient was made insensible and the teeth were extracted. But the overdose probably caused the paralysis which supervened next day. The patient sued the dentist for malpractice in giving him so much. But the court said a practitioner is not responsible for remote or unknown causes of injury, or for peculiarities in a patients history or condition which are not told to the doctor. If chloroform is proper and safe to be given ordinarily in like cases, the doctors duty is discharged. The wall paper case has a bearing upon a doctors duties in time of epidemic. The small pox was prevalent, and in one house where several patients lay sick the attending physician observed that the wall paper in the sick rooms had become infected, and would propagate the contagion. So he caused the paper to be scraped off. He thought it was his duty, and he did it. But the landlord of the building sued him for trespass. The court said it was no trespass, but was doing just right. --New York Times, August 10, 1879. THE BRAIN OF PROFESSOR VAUGHAN, WHO DIED IN CINCINNATI RECENTLY. There seems to have been as much well directed, hasty curiosity to look into the contents of Professor Vaughans skull as there was into his old trunk. The breath was hardly out of his worn out body when...
