THE 1961 EXPERIMENT

[DOWNLOAD](#)

iUniverse. Paperback. Book Condition: New. Paperback. 152 pages. Dimensions: 9.1in. x 6.1in. x 0.4in. This is a mystery science fiction thriller which transports readers back in time, to witness something one could not explain. History and scientific fact are intermixed with fiction, leading us to believe this fantastic event actually did take place in a small town in remote Northwestern Pennsylvania on Saturday morning September 16th, 1961. A college freshman takes a course in Principles of Geology with the sole intention of meeting and hopefully becoming romantically involved with a certain classy young coed. He unwittingly picks exactly the wrong girl for his purposes when they team up to do a research project. In lieu of love, she persuades the (now reluctant) fellow to accompany her on a perilous trip back to the upside-down year of 1961. Numerous ironies, perfect timing, sheer coincidence, and shrewd detective work lead the couple to a discovery relating not to geology but to a strange, super-secret experiment that went disastrously wrong 40 years ago. When authorities catch wind and realize their erstwhile efforts to disguise this World War II enigma have been jeopardized, they take extraordinary measures to stop the students from actually seeing the ghostlike truth and presumably becoming victims of it. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
